City Budget Priorities

Thank you for being a part of our first Community Conversation on Saturday, April 14! You were invited by the City Council's Finance Committee to be part of a conversation on our City's most important priorities.

Mayor Cheryl Selby, Councilmember Jessica Bateman, and Councilmember Lisa Parshley listened as you shared your thoughts and ideas on what is working well, what needs improvement, and what "better" would look like.

We heard you, and this handout is our way of letting you know what we learned. It's also how we will keep your priorities front and center as we move through this year's budget process. We invite you to continue to stay involved by visiting olympiawa.gov/budget

"We think people will be more passionate and more likely to get involved and contribute to their community if they know what's happening and they understand the issues..."
-Participant

The City of Olympia is committed to the nondiscriminatory treatment of all persons in the employment and the delivery of services and resources.

We Listened

Below are the top 10 priorities we heard you say a

Priorities	What We Heard
1 Walkability	<ul style="list-style-type: none"> • More sidewalks • Maintain existing sidewalks • Provide walkable routes to downtown so people can do their shopping close to home • Connect walking paths
2 Housing	<ul style="list-style-type: none"> • Develop a strategy for alleviating homelessness • Olympia is too divided on homelessness...we need to come together with compassion • People who work downtown can't afford to live downtown
3 Mental Health and Drug Treatment	<ul style="list-style-type: none"> • Address mental health issues • Those with the greatest health and mental health issues are under-served or not served • Train police and park staff in mental health awareness, response, and de-escalation techniques
4 Parks and Green-Spaces	<ul style="list-style-type: none"> • Preserve urban green space in neighborhoods, including downtown • Maintain urban corridors for wildlife • Provide parks so that we all can enjoy our environment and gain [a greater] appreciation
5 Arts, Recreation, and Events for All	<ul style="list-style-type: none"> • Provide more free activities for all ages • We need a recreation center for teenagers • Support more family places all throughout Olympia
6 Safety	<ul style="list-style-type: none"> • Add more walking and neighborhood patrols • Center on the needs of the most vulnerable and it will increase overall safety • Clean up the local well—not a safe place to go like it used to be • Reduce and slow down traffic in neighborhoods
7 Workforce Development	<ul style="list-style-type: none"> • Identify, plan and prepare for the jobs of the future • Prepare current residents for jobs providing livable wages • How can the City help our current residents develop skills that support our local economy
8 Accessibility to Services	<ul style="list-style-type: none"> • We need a grocery store downtown and in each quadrant of the City • Find ways to reduce stress...[with] access to transit and services • Provide more public restrooms • Encourage more neighborhood businesses
9 Transparency and Engagement	<ul style="list-style-type: none"> • Share the data • Build more trust between the [Olympia Police Department] and community • Extend civic participation to all • Lack of transparency and listening to people who live in neighborhoods
10 Long-Term and Strategic Planning	<ul style="list-style-type: none"> • Keep [the] small town feel • Growth for the sake of growth alone seems self-defeating related to the impacts • Provide more clarity from the City on what the long-term strategies are or economic development

"There is a lot of perception that downtown is worse, and we talked about how to change perception and also address [the] needs of everyone (people who want to come downtown and spend money, people who don't, and everyone in between.)"

"Olympia as [a] whole [is] only the sum of its neighborhoods."

Better would look like... "More clarity from the City on what are the long-term strategies."

Better would look like... "More people of all income levels actively recreating outdoors."

"This is just the beginning...there's an interest to keep this kind of conversation going and expand it beyond the finance committee...what you said today will echo as we build this budget. Your voices will shape those decisions..." -Councilmember Lisa Parshley
